

TABLES OF DOOM USER GUIDE

1 CHOOSE HOME OR SCHOOL

home

Home is designed for parents. A home version cannot create a teacher passport.

school

Tutors should choose School because you can see all student records and add more at a lower cost.

4 SECRET WORD

When payment is complete your Secret Word is revealed.

A Secret Word is used to make a passport.

Everyone needs to create a passport before they can get onto the Tables of Doom island.

Each student has an individual passport. Progress is saved automatically but cannot be reset and reused by another.

monkey name
minkymonkey

PN:
19_2547

Forgotten your PIN? OK >

Continue to Passport Control to make your first passport.

5 MAKE PASSPORT

Passport Control is the gateway to the Tables of Doom games. The first time you visit this screen you will need to make a new passport.

The monkey name can't be changed. It must be at least 5 letters. An email cannot be used.

Make up a 4 number PIN.

If you have forgotten your Secret Word, log in here with your purchasing account and go to My Details.

Enter your Secret Word to complete your passport: ?

OK >

Make passport >

Need more passports >

Each time a passport is created it uses up one of the ones you have purchased.

Select this option to create a **teacher passport** (school version only). When teachers play no progress is saved.

This button opens the passport so you can fill in your details.

Log into **My Account** with the email and password used to make your original purchase.

In the Purchases section is an option for Buy Passport Points.

Purchases Buy Passport Points

You only need to make a passport once. When returning, just enter your monkey name and 4 number PIN.

Reset a forgotten PIN or password using your Secret Word.

TABLES OF DOOM USER GUIDE

Tables of Doom island develops understanding through animated strategies. Strategies explain the core concepts needed to understand multiplication.

Play the Tables of Doom game in the middle of the island to assess speed and accuracy.

Begin each lesson by watching a strategy on the Big Screen.

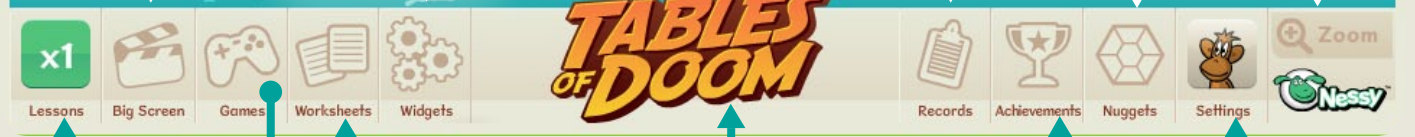

Widgets include a tables calculator, useful on an interactive whiteboard.

Results from this game display as colour coded records.

A nugget is awarded for a correct answer.

Get a closer view of the island.

Select a times table lesson to learn.

printable activities reinforce strategies.

Click here to return to this island screen.

Achievements will fill the island with animals as learning objectives are passed.

Settings include sound options, teacher messages and changing your monkey.

Each game develops a different skill.

See how much is represented by each multiplication fact.

Count on to recognise pattern and sequence.

Remember using rhythm.

Use the answer to find the question.

Race to beat your best response time for each question.

Change the selected times tables results.
